**3. Adult Services (Tier 0)**

SDSI has chosen through this finance plan to provide a cash payment for eight named adult individuals who are not eligible for the HCBS waiver. Effective December 1, 2017, all Tier 0 plans will be on a calendar basis with an effective start date of January 1, 2018. All existing Tier 0 plans will be invalid and a new funding plan must be submitted in December of each year. The individual finances of each individual funded will be part of the funding consideration for years after 2018. For billing purposes, you must use the Tier 0 Report provided by SDSI for reimbursement. Providers may submit an alternate billing template during the December submission of funding plans for CDDO approval. If billing template is not approved, providers must use SDSI's Tier 0 Report for reimbursement. Failure to receive a signed and approved Tier 0 plan by December 31 of each year will cause funding to cease effective January 1. Funding may resume beginning the first day of the following month of a CDDO approved funding plan. Services incurred after the expiration date and prior to the first of the following month will not be paid.

**III. PLAN PARTICIPATION REQUIREMENTS**

1. CSPs affiliated with SDSI which are licensed by KDADS (if required), and are serving one or more individuals may request and be authorized to participate in the Local Finance Plan. By participating in the Local Finance Plan and accepting payments under the Local Finance Plan, the CSP does hereby:
  - A. Accept the following rates and funding definitions.
  - B. Acknowledge that rates established subsidize funding received from various other sources (i.e.: HCBS-I/DD waiver, state grant funds, CDDO discretionary funds, private pay) and are not intended to be full payment for services. Therefore, SDSI will not require the provider to serve persons under subsidized categories who are not funded by the above listed sources. However, if the service is funded, the CSP will expand service capacity as needed regardless of availability of Local Finance Plan funds.
  - C. Agree to serve any individual currently funded with CDDO discretionary funds for the amounts specified on the individual's CDDO Funding Plan. Any CSP who fails to do so will no longer be eligible for any funding under the Local Finance Plan for any individuals served regardless of funding source.
  - D. Decide to not impose capacity limitations. Any contracting CSP who chooses to place capacity limitations on any service they provide shall not be eligible to receive payments for the Transportation subsidy from the SDSI Local Finance Plan. Notifications that capacity limitations have been implemented or removed must be received in writing by the CDDO. Accompanying the notification, the CSP must include a listing of all current clients receiving services from the CSP along with the maximum capacity limit. The listing must include the service categories for each client. Notifications will be considered effective the date it is received by the Chief Programs Officer ([ssandoval@sdsicddo.com](mailto:ssandoval@sdsicddo.com)) of SDSI. Capacity limitation will remain in place for a minimum of one year. After one year, the CSP can then remove or modify the capacity limitation by notifying the CDDO, in writing, of the change. The change must include a listing of all current clients along with the services they receive. If, at any time, the CSP

has a reduction in clients served and desires to increase the number served back to the most recent capacity limitation, the CSP must notify the CDDO, in writing, of the request. The request must include a listing of all current clients along with the services they receive. The CDDO will add the CSP back to the choice list of options until the CSP, in writing, notifies the CDDO they are back to capacity. At that time, the CSP must also include a list of all persons receiving services. Services must be designated to each client (e.g. Day, Residential, TCM, etc.).

For the purposes of this Local Finance Plan **capacity limitations** on any service is defined as placing a limitation on the number of individuals served or placing a limitation for a geographic area the CSP serves. The CSP can only limit the geographic region they serve to the five contiguous counties in SDSI's Central Kansas Region (Barton, Pawnee, Rice, Rush & Stafford counties) or the thirteen contiguous counties in SDSI's Southwest Kansas Region (Finney, Grant, Greeley, Hamilton, Haskell, Kearney, Lane, Morton, Scott, Seward, Stanton, Stevens, & Wichita counties).

- E. Agree to submit(i) their annual audit or annual reports as required in their Agreement for Affiliation; and (ii) all other documentation and information as may be requested by the CDDO from time to time (herein "Required Reports"). Any contracting CSP Local Finance Plan for services performed or provided by the CSP from the date the Required Reports are due through the end of the month in which the Required Reports are received and accepted by the CDDO.
- F. Agree to remain in compliance with all federal and state payroll tax requirements. Any contracting CSP who is not in compliance with those requirements, including federal and state requirements for depositing and the reporting of all FICA, federal income tax withholding, federal unemployment tax, if applicable, state income tax withholding, and state unemployment tax for both current and all prior years shall not be eligible to receive payments from the SDSI Local Finance Plan.

Any contracting CSP who is not current with any and all federal and state payroll tax deposits including FICA, federal income tax withholding, federal unemployment tax, if applicable, state income tax withholding, and state unemployment tax for both current and all prior years shall not be eligible to receive payments from the SDSI Local Finance Plan until such time as all required deposits are made and proof of payment is submitted to the CDDO.

- G. Agree to update Tier 0 funding plans and submit to the CDDO on an annual basis.
- H. Agree to submit documentation declaring a person ineligible for Medicaid Ineligible Case Management. This documentation is provided to each family or may be obtained from the Clearing House. SDSI will also accept screen captures from KMAP. If from KMAP, CSP must write out why person is not Medicaid eligible (e.g. "Title 21 which doesn't cover case management"). This will apply to all new submissions for Medicaid ineligible case management effective July 1, 2018. SDSI reserves the right to request this documentation of any clients, and suspend payment, until such documents are received by the CDDO.

**COMMUNITY DEVELOPMENTAL DISABILITY ORGANIZATION**  
**LOCAL FINANCE PLAN AGREEMENT**  
**TERM: January 1, 2020 to June 30, 2020**

- I. The Local Finance Plan will not pay for any services performed or provided by the CSP if the person for whom such services are performed or provided is incarcerated, hospitalized or housed either in a public or private intermediate care facility. This prohibition does not apply to TCM Services provided to a person transitioning out of said institution. The CSP shall not submit requests for payment for services for which are prohibited by this paragraph.
- J. For purposes of assuring CSP's compliance with the requirements of the Local Finance Plan and this Agreement, the CDDO may request from time to time, on a random basis without advance notice, such information and documentation as the CDDO may deem appropriate to verify the CSP's compliance with the Local Finance Plan. In the event of such request, the CSP shall promptly provide to the CDDO all requested documentation and information.

#### **IV. PAYMENT**

To receive payment for the **Categories**, the service provider will be required to email a legible statement of enrollment to the CFO ([cwikoff@sdsicddo.com](mailto:cwikoff@sdsicddo.com)) of the CDDO by 12:00 p.m. (noon) on the 10<sup>th</sup> of each month. All changes occurring during the billing month must be listed separately on form LFP-100, showing date of admission, termination, or transfer of services. The CDDO will review all requested additions that have been submitted. The CDDO will make the requested adjustments to the finance plan including additions, if approved, and generate payment to the service provider for the individuals enrolled.

If two service providers provide the same service to an individual during the same month, the service provider who serves the majority of the month is entitled to the service payment for the whole month. If each provides services for exactly half of the month, each may claim a half unit of service. This should be noted on the detailed listing submitted to the CDDO.

To receive payment for the **Medicaid Ineligible Case Management Payment**, the service provider will be required to email a Medicaid Ineligible Case Management Monthly Reporting Form (Form LFP200) *and* individual case notes. Form LFP200, for the previous month, must be emailed to the CFO ([cwikoff@sdsicddo.com](mailto:cwikoff@sdsicddo.com)) of the CDDO by 12:00 p.m. (noon) on the 10<sup>th</sup> of each month. PROVIDED HOWEVER, any services for which a payment request is not emailed by the date and time set forth herein, shall not be eligible for payment. The CDDO will regularly review all billings for Medicaid Ineligible Case Management and all documentation forms related to such billings to assure that services were appropriately provided and services, which were billed for, were provided. The CDDO will take necessary and prudent action in response to any deficiencies detected in that review process. Please note that a person from the CSP's billing department must sign the LFP200. The TCM is still responsible for the individual case notes. The LFP200 must be used for January 2017 billings and going forward. Any old versions of this form will be rejected.
